Beanstalk Data
Production Mongo DB
Our Set Up.

4 Sharded Servers
Mongo as Slave
Collection design
Access with .Net
Access with PHP
Examples of some stuff.

Data
Collection Design
Map Reduce Results
Queries
A few examples.

Map Reduce Functions
Using PHP to map reduce with Cron jobs
Sample Collection

The exciting part about Mongo DB for us: Custom Fields or Semi structured data.
Live data migration from SQL.

Watch us move thousands of rows to SQL live in seconds.
Now map and reduce

See the results of our live map reduce.
Framous.com

Demo
100% Mongo DB
Schema Design
