Introducing The Espresso Test Recorder
by Ellen Shapiro
Lead Mobile Developer, SpotHero
AndroidListener, June 2016
Espresso Test Recorder: What is?

— Writing UI tests is good, but a pain in the ass.
It is Beta.

— Introduced a few weeks ago at I/O 2016
— Released one week ago as part of Android Studio Canary Build 2.2, Preview 3
— Tap through your application and record your actions, add assertions.
It is REALLY Beta.
